

# PODCAST MEDIA STUDIOS

 FUTURE  
LEAP

# WHY GET INVOLVED?

***“Saving our planet is now a communications challenge. We know what to do, we just need the will.”***

Sir David Attenborough, 2020

We give organisations the space, knowledge, contacts and tools to accelerate their sustainability journey and progress towards net zero.

Future Leap Clifton operates across 3 floors of the old chapel with the top floor dedicated to co-working, hot desks and meeting spaces.

Future Leap Media Studios on the mezzanine floor houses a purpose built professional film, photography and audio recording spaces available for wet and dry hire as well as the possibility of technical assistance.

- Yamaha MSP 3A Powered Monitor Speakers

# OVERVIEW

## MEDIA FORMATS/INPUTS

- Recordings are all single-track audio recordings.
- Audio recording formats are MP3 or WAV onto USB or SDX. Up to 6 audio inputs including mics and external media.
- You will take away a single audio file in WAV or MP3 format.

## SOUND AND SUPPORT

- The recording studios are independent from other spaces and treated with acoustic panels to improve the quality of sound.
- The recording space is not completely sound isolated.
- The microphones are set up to reduce external noise interference.
- Post production services are available to clean up the sound.
- For support with mixing and mastering during the recording, we recommend a technician.
- For audio and video OR audio integrating remote callers, we recommend a technician.
